ABOUT ME

I am a passionate web developer focused on building modern and responsive web applications. I have experience working with technologies like React, Tailwind CSS, Node.js, php, MySql, MongoDB and Express, and I am continuously improving my skills as a Full stack developer.

EXPERIENCE & PROJECTS

2024 - 2026

Full Stack Developer | Self-Employed | Pakistan

E-Commerce Web Application

Personal Project | 2025

Developed and deployed a full-stack e-commerce application using React.js, Tailwind CSS, Node.js, Express.js, and MongoDB. Implemented **JWT authentication, admin dashboard, product and order management, shopping cart, live search, and Cloudinary image uploads** with responsive UI and secure backend API integration.

SmartCampus | LMS Portal for institute

Academic Project | 2026

Developed a SmartCampus management system using PHP, MySQL, Bootstrap 5, JavaScript, HTML, and CSS. **Implemented role-based portals for Admin, Teacher, and Students with features including attendance tracking, marks management, subject and department handling, course material sharing, notice system, and automated PDF roll number slip generation** with secure authentication and database operations.
